

April 18, 2018

The Manitoba Rodeo Cowboys Association and Bull Riders Canada have partnered together to give Bull Riders even more opportunities to help grow the sport of Bull Riding and Rodeo!!

This new partnership will permit Members from each respective association to enter the co-sanctioned events on their current Association Membership. BRC Members will have the added bonus of these events allowing them yet another opportunity to make those points and climb up the ranks of the BRC National Standings. Being that the majority of these co-sanctioned events are one-head, that means double points.
